Randy -- will give you a call shortly after 3. Is there a time for a call with the Hill?

Checking in again on someone's availability to participate on a call with Senator Manchin senior staff this afternoon. I also left you two voice mails. Thank you!

**Subject:** Urgent OCIR request for call to discuss EPA response authorities

OCIR approached Barry asking for OGC and I to get on the phone today with OCIR and staff from Senator Manchin's office (and perhaps Senator Rockefeller's office) to explain EPA response authorities regarding the WV Elk River chemical spill. Can OGC participate on a call this afternoon? Thanks!
